Arabic — Native
French — Fluent
English — Fluent

CERTIFICATIONS

Databases and SQL for Data Science with Python

Coursera / IBM

Data Analysis with Python Analysis

Coursera / IBM

Data and Visualization with Power BI

Coursera / Microsoft

Fundamentals of Data Visualization with Tableau

Coursera / UC Davis

QUALITIES

- Analytical rigor
- Adaptability
- Works well under pressure
- Attention to detail

PROFILE

Junior Business/IT Analyst in training (Master's in Business Analytics — Python, SQL, Power BI, Tableau, predictive modeling), with hands-on experience processing high-volume financial data: data cleaning and KPI tracking (Genpact), cash-flow monitoring, credit-card transactions and banking operations (Telus), plus account management, loan processing and cheque handling (Banque Zitouna). Looking to apply this combined analytical and operational background to Business Analytics, financial reporting and decision-support work.

WORK EXPERIENCE

Content Moderator — Data & Risk Analysis • Since 2025

Genpact — Bucharest, Romania

- Cleaned and structured large daily volumes of data (data cleaning), identifying trends, anomalies and risk patterns to inform internal policy decisions.
- Consistently tracked key performance indicators (KPIs) and service-level agreements (SLAs), maintaining a 98% accuracy rate.
- Evaluated existing processes and delivered recommendations that contributed to a 15% reduction in average handling time.
- Conducted root-cause analysis on complex, escalated cases; collaborated with QA and management teams to ensure decision consistency.

Customer Support Advisor — Billing & Payments • 05/2025 — 09/2025

Telus — Bucharest, Romania

- Monitored and verified cash flows related to customer payments, refunds and credit-card transactions with a high level of accuracy.
- Processed daily banking operations and financial transactions; resolved billing and transaction disputes under pressure.
- Verified and updated financial information and customer account records, strictly following compliance and confidentiality standards.
- Built strong communication and adaptability skills essential in a customer-facing financial environment.

Internship — Sales Service Advisor • 06/2023 — 11/2023

Banque Zitouna — Bizerte, Tunisia

- Managed and monitored client accounts: opened, updated and verified banking account information (account holding).
- Assisted in processing loan applications: compiled credit files and verified supporting documentation.
- Processed cheque operations (deposits, compliance verification) in line with internal banking procedures.
- Guided banking customers in understanding and selecting financial products and services suited to their needs.

EDUCATION

Master's in Business Analytics • 2024/2026

Bucharest University of Economic Studies (FABIZ)

- Data Visualization & BI: Power BI, Tableau — building automated dashboards.

- Machine Learning & Programming: predictive model development and statistical workflow automation with Python.
- Strategic Decision-Making: applying quantitative methods to real-world financial problems.

National Bachelor's in Economic Sciences — Economic Engineering & Finance

- 2024

Institut Supérieur de Gestion de Bizerte (ISG)

- Financial Modeling: financial analysis and mathematical modeling of economic trends and company performance.
- Risk Management: financial market analysis to assess investment risk and optimize portfolio management.
- Business Economics: micro/macroeconomic indicators and their impact on financial strategy.
